LOS PIPOS

BAND

“Electrifying multicultural show [...] You couldn't ask for a better mood”

(Die Rheinpfalz)

Los Pipos are an international Latin fusion band with roots in Peru, Cuba, Mexico, Germany, Chile and the Netherlands.
Their music is an explosive mix of Latin, jazz and urban grooves, played with passion, humour and lots of energy.

Since 2017, Los Pipos have stood for diversity and pure joy of playing.
The six musicians have played on stages all over Europe and won over a growing audience with their distinctive style.

LOS PIPOS

SOUND

You don't need any persuasion skills or a warm-up phase. Los Pipos are right in the thick of it from the very first note.

(Rheinische Post)

Los Pipos make their own music. With "Nuestra Tierra", the band experiments with complex rhythms and draws inspiration from the elements of nature. From Timba Cubana to Spanish flamenco-inspired 6/8, Chachacha to Peruvian Landó in 5/8 – the rhythmic diversity knows no bounds.
Classical elements merge with Latin American tradition: Chopin nocturnes meet Bach counterpoints, Andean huaynos meet Cuban grooves. Los Pipos create a unique sound that breaks with convention and opens up new musical worlds.

LOS PIPOS

LIVE-SHOWS

After **more than 100 concerts**, Los Pipos have developed an extraordinary stage presence. Their shows combine spontaneous audience interaction, virtuoso solo improvisations and danceable energy.

Los Pipos fill intimate clubs and large festival stages with equal intensity. Their concerts are musical journeys through the cultures of Latin America.
